## PROFESSIONAL SUMMARY

Data and Business Intelligence professional with hands-on experience in Power BI and Tableau development, currently working as a Consultant at Uneecops Business Solutions. Experienced in DAX-based Power BI reporting, SAP data extraction through SQL queries, Power BI Service testing, and PostgreSQL-driven Tableau development. Skilled in dashboard development, database connectivity, Tableau Server publishing and user mapping, with personal projects spanning Python, SQL, REST APIs, Microsoft Fabric and AI-assisted analytics.

## PROFESSIONAL EXPERIENCE

### UNEECOPS BUSINESS SOLUTIONS — Consultant

September 2025 – Present

#### Assam Sewa Setu — Tableau Developer

- Connected PostgreSQL/database sources with Tableau Desktop and developed multiple interactive dashboards and reports.
- Published workbooks to Tableau Server and worked with user mapping/access in a multi-user reporting environment.

Mar 2026 – Present

#### Payal Group — Power BI Developer

- Developed multiple Power BI reports and DAX measures; worked with SAP source data and extracted analytical data through SQL queries.
- Built reports in Power BI Desktop and published them to Power BI Service for testing and validation.

Sep 2025 – Dec 2025

### Froximo Technology Pvt. Ltd. — MIS Coordinator

January 2024 – October 2024

- Prepared daily, weekly and monthly MIS reports using Excel; used VLOOKUP and Pivot Tables for analysis and reporting.

### Earlier Experience — Civil Engineering / Project Execution

Buildwauks Construction — Site Engineer (2018–2022) • Larsen & Toubro — Subcontractor Site Engineer (2017) • Gardenia — Graduate Engineer Trainee (2016–2017) • Prism Cement — Technical Engineer Executive (2016)

Project planning/management, resource and labour coordination, site execution, progress reporting and technical inspections.
